

***In the Specification:***

At page 4, replace the paragraph at lines 18-22 with the following paragraph:

-Figure 3 is an amino acid sequence comparison between the cell adhesion sequence of NAF-1 (FLP-TSR; SEQ ID NOS:18-19) and the six cell adhesion sequences of rat F-spondin (FSR-TSR-1, -2, -3, -4, -5, and -6; SEQ ID NOS:8-13, respectively).

Also shown is a TSR consensus sequence shown in the sequence listing as SEQ ID

NO:14.5-

***In the Drawings:***

Please cancel the sheet containing the originally-filed formal drawing of Figure 2 and replace therefor the enclosed sheet containing the substitute formal drawing of Figure 2. A copy of the originally-filed formal drawing of Figure 2 showing the proposed changes in red is also submitted herewith.

***In the Sequence Listing:***

Please cancel the Substitute Sequence Listing filed with Applicants' Preliminary Amendment on October 13, 1998. Please append the paper copy of the Second Substitute Sequence Listing submitted herewith to the end of the present application and renumber the pages of the application accordingly.
